Decision of the International Civil Service Commission
on payment of post adjustment in New York

The Staff Council,

Aware that a post adjustment increase was due to staff members in the professional and higher categories in New York on 1 August 2012;

Appalled that the International Civil Service Commission (ICSC) decided to delay the payment of the post adjustment increase due to what Commissioners saw as an appeal by the Secretary-General;

Dismayed that the technical reasoning given to the Commissioners by the Administration did not provide sufficient justification for this request;

The Staff Council hereby

Questions the legitimacy of the ICSC decision to delay the payment of the post adjustment increase and its subsequent implementation by the Administration;

Decides to call on the Chairperson of the Staff Council to send a communication to the Secretary-General with a request to provide detailed written data and information that would explain the Administration’s actions and that provided the basis for the ICSC decision;

Further decides to call on the President of the United Nations Staff Union to inform in writing the position of the Union on this matter to the President of the General Assembly, the Bureau of the Fifth Committee, and the members of the ACABQ.
