GENERAL SITUATION

The US Centers for Disease Control and Prevention stated in their new guidelines that fully vaccinated people can safely visit with other vaccinated people and small groups of unvaccinated people. The CDC said it will issue travel and going out guidance for vaccinated individuals when the science is clearer.

New York Gov. Andrew Cuomo and New Jersey Gov. Phil Murphy announced that indoor dining capacity will be increased to 50% starting March 19. The news comes just days after Cuomo announced that all eateries in New York outside of the Big Apple could increase to 75% capacity on that same day.

New York State: Covid-19 eligibility expanded in the state to anyone over the age of 60 today, regardless of their health status. Starting March 17th, public-facing public employees will become eligible for the vaccine. Not-for-profit public-facing emergency-facing employees, essential public workers, and public-facing building workers will also be eligible.

Yonkers launched a program Wednesday to help bring the COVID-19 vaccine to vulnerable populations – including the elderly, disabled and homebound who face logistical challenges accessing vaccination sites – by offering in-home vaccinations. Eligible individuals or their caregivers can sign up and a licensed healthcare professional will arrive at the scheduled time to safely administer the vaccine and schedule a second dose appointment. Visit COVIDVaccineDrive.com to schedule.

The Intrepid Sea, Air & Space Museum will reopen to the public on Thursday, March 25, initially with a four-day per week schedule (Thursday-Sunday, 10 a.m.-5 p.m.), and continuing to employ enhanced health and safety measures. These measures, which are based on guidance from public health experts, include a mandatory face-covering policy, enforced social distancing, 25% capacity limits, timed ticketing, and increased cleaning and disinfecting procedures.

New Jersey Gov. Phil Murphy announced today that the number of people allowed to gather indoors will increase from 10 to 25 beginning March 19. The governor also said outdoor gatherings will be capped at 50 people, up from 25. The new indoor and outdoor limits don’t apply to religious services or ceremonies, political events, weddings, funerals or memorial services since they have higher limits — or none, in some cases — for indoor and outdoor gatherings.
